

CAMPOS FAMILY OF COMPANIES

Campos EPC (CEPC) is an established Industry Leader in the Utility, Energy, and Midstream sectors, delivering engineering design, consulting services, integrity management, and turnkey solutions for our clients. The CEPC team provides an array of services to match our client's needs.

Campos CVG Staffing Solutions has been "The Right Fit" for nearly a decade as a workforce solution provider for candidates and clients in the Energy, Oil & Gas, EPC, and Industrial industries located throughout North America.

Campos NACC Construction is a construction company headquartered in Colorado specializing in Renewable Energy, Utility, and Oil & Gas industries. The NACC team offers construction management, pipeline, facility, electrical, controls, and instrumentation construction capabilities.

Campos Fabrication is located in a state-of-the-art 15,000 sq ft facility in Amherst, NH. It is from here that the Fabrication team offers full turn-key projects that focus on high-end, custom-engineered fabrication solutions. Campos Fabrication is continuously expanding its fulfillment capabilities and thereby ensuring positive customer experience on a national scale.

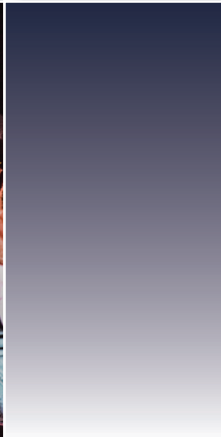

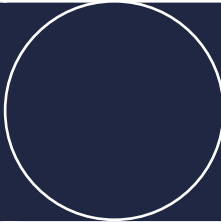

Campos Sage delivers tailored solutions to unify business units, enhance efficiency, and improve output. With expertise in the energy sector's unique structure and regulatory demands, we provide PMO support, including data management and analytics. By creating custom AI predictive models, we help clients better understand operations and plan activities effectively. We emphasize transparency and information to achieve safety and efficiency goals.

Campos Precision is a best-in-class provider of Project Control and Estimating services, offering a team of elite professionals with expertise at all levels, disciplines and workstreams. Precision focuses on serving the Energy, Utilities, and Industrial industries, with solutions ranging from augmented staffing to turnkey estimating and scheduling, cost controls, and change controls.

Campos MX was formally established with a physical office in the Mexico City business district of Santa Fe in May 2024. We are currently supporting projects across Campos EPC, Campos Fabrication and Campos Precision. Our staff from Campos MX has over a century of professional international experience in the energy industry, oil and gas, refinery, and RNG projects. Our focus is on design, drafting requirements, estimating, and project management for our projects in the USA.

The Campos Foundation's mission is to elevate underrepresented minority and female students through STEM education initiatives. Since 2015, we have impacted over 5,000 students annually through partnerships with K-12 school districts and premier universities. Our programs include summer bridge initiatives, CAMPOS SmartLabs, scholarships, internships, job shadowing, facility sponsorships, and other STEM-focused opportunities.

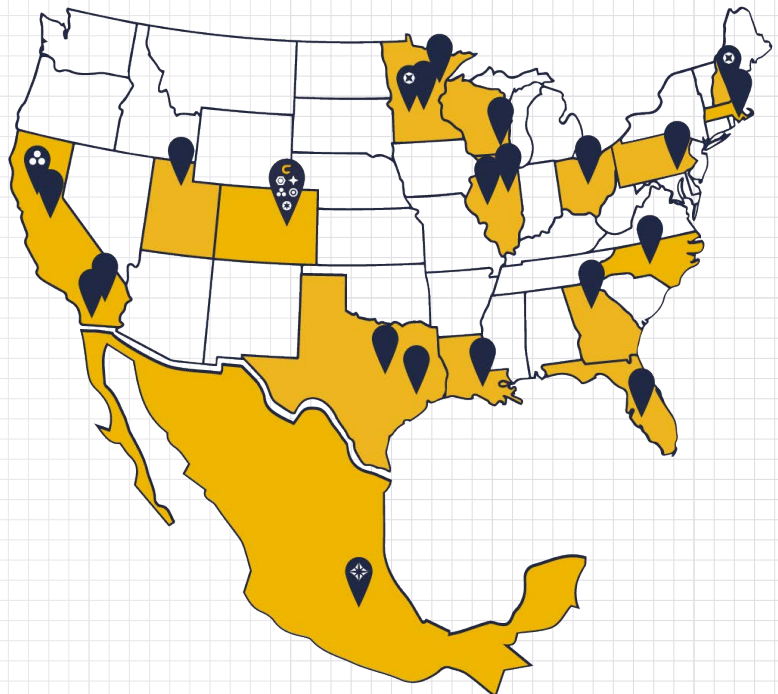

"Every dollar we provide comes directly from us to our foundation. No dollars go to administrative cost or overhead. And every dollar will directly impact a student. That's how we measure our return on investment."
